

Car Slightly Damaged

The car was brought to the garage of F. A. McClune this morning under its own power. The damage is estimated at between \$300 and \$400.

Mrs. Fowler visited Genaske at the City Hospital this morning in company with Doctor Genung. She said that he is a capable and skillful driver. This is his first accident, of a serious nature.

For a time excitement ran high at the scene of the accident. Most of the cars that took part in the Cortland run stopped and adjusted chains and even then it was a long slide down the hill. A detour is proposed for the route here to eliminate the hill and the public service commission, Second District, has ordered the abolishment of the grade crossing there by the Lehigh Valley. It is the only stretch of road that is bad now between here and Cortland and is considered a dangerous spot. The accident rather dampened the ardor of the motorists on the run.

At a late hour this afternoon the condition of Genaske was about the same, but it was reported that he has a good chance of pulling through.

conscious condition, but soon lapsed into a comatose state when he reached the hospital. Dr. F. M. Yose examined the man but was unable to determine the extent of his injuries but at that time they appeared to be fatal. This morning a different opinion was expressed by Doctor Yose and Dr. Homer Genung of Freeville, who came to the city with Mrs. Fowler soon after the accident.

Mrs. Grosvenor, Miss Fowler, Miss Hodges and Foote were placed in the car of I. K. Bernstein and brought to this city. Miss Fowler was first taken to the City Hospital and then all four went to the residence of Jacob Rothschild, corner of Albany and Green Street, where they spent the night. Miss Fowler recently furnished the Republic Inn at Freeville and is much interested in the work of the George Junior Republic. Foote is to enter Cornell in the fall.
